

Do you have an environmental complaint?

A complaint is defined as information provided to DEQ alleging site-specific environmental pollution. If you would like to register an environmental complaint electronically you can use the online form to e-mail a complaint to DEQ.

For DEQ to adequately address your complaint, we need for you to provide certain information. Please describe your complaint in as much detail as possible. Include information about when you first noticed, how often it occurs, specifically where it is from, if known. If you do not have an address for the complaint site, finding directions beginning at a major intersection will be fine. Be sure the finding directions are complete.

You are not required to leave your name, address and phone number if you would rather not. If you prefer, you can leave your name, address and phone number and we will keep it confidential. This means that information will not be released to anyone, except our investigators, unless ordered by District Court. This will enable our investigators to contact you for additional facts and provide you feedback on the investigation. If this is your preference, check the box to the left of Confidential on the form below. If you do not wish to be anonymous and do not care if your information is kept confidential, simply complete the section titled Complainant Information.

Once you have completed the above form, you can forward your complaint to us electronically, by fax, or mail. If you prefer, feel free to contact us at 1-800-522-0206 or 405-702-6203.
