Application for Municipal or Rural Waterline Extension
Construction Permit Exemption

As approved by the State Board of Environmental Quality

This application is to be submitted to obtain a waterline construction permit exemption. A separate application is required for each line to be constructed under the exemption rules.

To the Executive Director of The Department of Environmental Quality

Date: \_\_\_\_\_

Department of Environmental Quality
Water Quality Division
P.O. Box 1677
Oklahoma City, OK 73101-1677

Application

The applicant, \_\_\_\_\_, PWSID No. \_\_\_\_\_, proposes the construction of \_\_\_\_\_
(Facility ID No. is required)

to serve \_\_\_\_\_

(Subdivision, Area, County, etc.)

Legal Description: \_\_\_ /4, \_\_\_ /4, \_\_\_ /4, of Section \_\_\_\_\_, T- \_\_\_ - \_\_\_, R - \_\_\_ - \_\_\_, I.M. / C. M., \_\_\_\_\_ County

Include a plan drawing showing location of proposed waterline (plan drawing is required to obtain a permit exemption).

Diameter of the existing supply line is \_\_\_\_\_ inches.

Diameter of proposed waterline extension is \_\_\_\_\_ inches.

Minimum pressure at point of connection to the existing supply waterline is \_\_\_\_\_ psi.

Minimum pressure in the proposed waterline extension, based on elevation change, is \_\_\_\_\_ psi.

Length of proposed waterline extension is \_\_\_\_\_ feet.

and as required by the Environmental Quality Code 27A O.S. 1993 Supp, § 2-6-304, effective July 1, 1993, hereby makes application for a waterline construction permit exemption. In making this application the applicant certifies and states the following:

- 1. The applicant has been supplied with copies of all rules and standards promulgated by the Oklahoma Environmental Quality Board for the construction and operation of the proposed waterline extension.
2. To the best of the knowledge and belief of the applicant, the existing waterline has not been extended previously pursuant to this permit exemption provision.
3. The design and construction of the proposed waterline extension meets or exceeds Board standards.
4. After completion of the construction, but prior to the commencement of service by such extension, the applicant will submit to the Department a sufficiency certification by a Professional Engineer registered in the State of Oklahoma.
